

## Re: NSERC USRA Award ~ Summer 2005

~ Deadline: Tuesday, February 1, 2005 ~

Dear Students,

If you are interested in applying for an NSERC award, this is a good time to start looking for a supervisor.

**Supervisor:** You have to contact a professor. If there is something you are interested in, i.e. look at the research list on the web: <http://www.cs.mcgill.ca/acadpages/grad/profiles.html> then contact the professor to find out if (1) they hold a NSERC and (2) if they are willing to supervise a research project in the summer.

### Note:

- **Judy Kenigsberg has graciously volunteered to give a helping hand and will be coordinating this Summer 2005 NSERC Award.**
- Please submit your application to Judy, ENGMC 318, no later than **Tuesday, February 1, 2005.**
- Handwritten forms << will not >> be accepted this year.

For information on this year's NSERC Undergraduate Student Research Awards (USRA), please see the following website for information: <http://www.mcgill.ca/science/student/nserc/>.

At the following website: <http://www.mcgill.ca/science/research/usra/> you will find on the left side of the page the following forms:

- Compliance attestation form
- Application form 202 (part I & part II)
- Research subject codes for form 202 (part II)

### Eligibility:

*To apply for an NSERC USRA, students must meet the following criteria:*

- Be a Canadian citizen or permanent resident of Canada,
- Be registered (at the time of application) full-time in a bachelor's degree program in natural sciences or engineering,
- Have obtained, over the previous years of study, a CGPA of "B" (3.00/4.00); in accordance with NSERC, a B- may be accepted only under compelling circumstances,
- Have completed all course requirements of at least first year (two academic terms).

### Transcripts:

- Further information will follow concerning transcripts.

Best of luck to everyone!

**McGill** School of  
Computer Science
